

SURYAPRABHA

Pharmachem

Delivering quality chemical intermediates
through innovation and compliance.

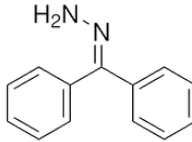

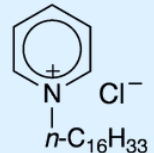

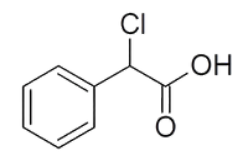

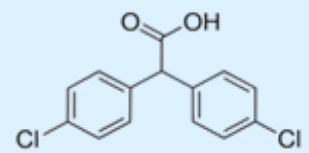

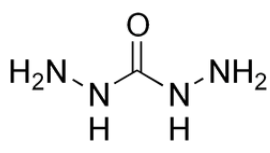

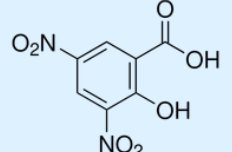

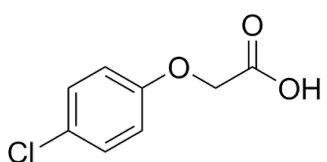

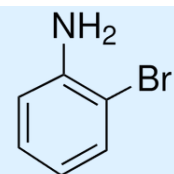

[Suryaprabhapharmachem.com](https://suryaprabhapharmachem.com)

Vision

To build a globally recognized chemical intermediate manufacturing company driven by innovation, compliance, and sustainable growth.

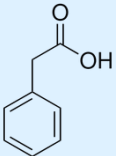

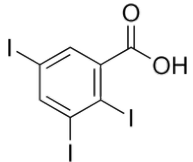

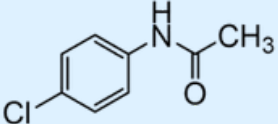

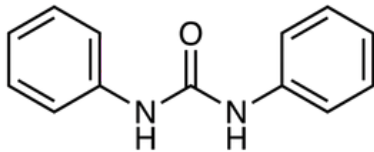

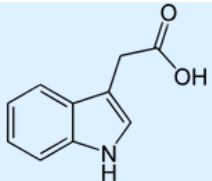

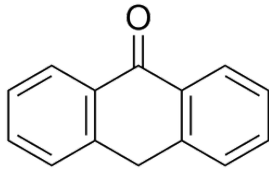

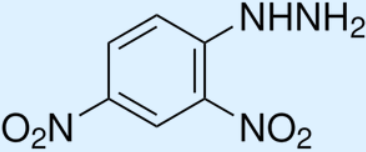

Our product list :

PRODUCT NAME	CAS NO	STRUCTURE
Benzophenone Hydrazone	(5350-57-2)	
Cetyl pyridinium chloride	(6004-24-6)	
2-Chloro phenyl acetic acid	(2444-36-2)	
4-Chloro pheny acetic acid	(1878-66-6)	
Carbohydrazide	(497-19-7)	
3,5-Dinitro salicylic acid	(609-99-4)	
4-Chloro phenoxy acetic acid	(122-88-3)	
2-Bromo aniline	(615-36-1)	

Mission

To manufacture high-quality chemical intermediates through safe and compliant processes, ensure consistent supply to customers, and operate with integrity while protecting people and the environment.

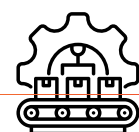

Our product list :

PRODUCT NAME	CAS NO	STRUCTURE
Phenyl acetic acid	(103-82-2)	
2,3,5-Tri iodo benzoic acid	(88-82-4)	
4-Chloro acetanilide	539-03-7)	
1,3-Diphenyl urea	(102-07-8)	
Indole-3-acetic acid	(87-51-4)	
Anthrone	(90-44-8)	
2,4 - Dinitrophenyl hydrazine	(119-26-6)	

Our Unique Strength

Pharma-grade quality with agro-scale reliability
We combine stringent pharmaceutical intermediate quality systems with scalable and cost-effective manufacturing for agrochemicals. This enables our customers to achieve regulatory confidence, consistent performance, and dependable long-term supply.

Core Values

Excellence in Manufacturing

Reliability and Consistency

Customer-Focused Approach

Continuous Improvement

Environmental Responsibility

Integrity & Ethics

Customer Commitment

Industries We Serve

Pharmaceutical Companies

- API manufacturers
- Formulation companies
- Contract manufacturers

R&D and Process Development Companies

Agrochemical Companies

- Crop protection manufacturers
- Pesticide producers
- Herbicide producers

Specialty Chemical Manufacturers
